PETITIONS AND COMMUNICATIONS

State of Wisconsin Department of Administration

June 29, 2005

The Honorable, The Legislature:

This report is transmitted as required by sec. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under sec. 13.172(3) Stats.), and confirms that the Department of Administration has found it necessary to exercise the “temporary reallocation of balances” authority provided by this section in order to meet payment responsibilities and cover resulting negative balances during the month of May 2005.

On May 1, 2005, the **Medical Assistance Trust Fund** cash balance closed at its intramonth low of a negative \$146.6 million. The fund’s negative cash balance continued through May 31, 2005, when the fund’s cash balance closed at a negative \$134.1 million. The deficit is due to federal revenues falling short of estimates included in Wisconsin Act 33. This deficit will decline by \$125.0 million in June when revenue is transferred from the general fund to the Medical Assistance Trust Fund as required by [2005 Wisconsin Act 2](#) and [2005 Wisconsin Act 15](#).

The Medical Assistance Trust Fund was not in excess of the statutory interfund borrowing limitations and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund’s share. Therefore, the monthly calculation by the State Controller’s Office will automatically reflect the use of these temporary reallocations of balance authority, and as a result, the funds requiring the use of the authority will effectively bear the interest cost.

Sincerely,

MARC J. MAROTTA

Secretary

Referred to the joint committee on **Finance**.

State of Wisconsin Department of Workforce Development Division of Worker’s Compensation

December, 2004

The Honorable, The Legislature:

I am pleased to submit to you the 2003-2004 biennial report on the Wisconsin Worker’s Compensation Advisory Council (WCAC).

This report provides an overview of the Worker's Compensation Division's activity in administering the worker's compensation program under the guidance of the Worker's Compensation Advisory Council. Program services are continually evaluated to improve customer service and provide program services as efficiently as possible. This year's report also highlights new committees created by the WC Advisory council in 2004 to review medical costs, permanent disability payments and workplace safety. In addition, the report discusses new uses of technology to expedite claim reporting and processing through improved electronic reporting and internet applications.

The report also provides a detailed description of the Council's membership, including biographies and pictures of both long-term and newly appointed members.

The Council invites you to read the 2003-2004 biennial report and looks forward to you comments regarding the worker's compensation system.

Sincerely,
